ANNUAL PUBLICATION OF JOPLIN JUNIOR COLLEGE,

THE STUDENTS AT THE JOPLIN, MISSOURI.

Dedicated to the future

Looking beyond the clouds of war, we see a star of hope, a new and better world Our Future.

OUR PRAYER

Dear Lord, we lift our hearts and souls In grateful words of praise, For this, our home, where freedom tolls O'er the land on which we gaze;

The land where Brotherhood shall rule From the east to the western gate; Where love for fellow man doth guide Our grand old Ship of State.

We're thankful that the men of yore Did scorn the bended knee, And gave to us this glorious land O'er which the flag flies free.

We see it wave in Future's breeze, A million years and ten. For all these things, upon our knees, We offer thanks—Amen.

—CHARLES GALBRAITH

Amid the present strife and confusion of the world, we, the Youth of America, pray for victory, for peace, and for happiness.

We do not ask for martial and material victory only, but for victory in the realms of political and physical science and in religious and social philosophy.

There are those who lament the passing of the frontiers. But though savage Indians and wild beasts are no more, far more formidable frontiers have arisen. For us, as for Christian, enemies of the heart and mind . . . Folly, Greed, Indifference, and Despondency . . must be overcome.

Let us, then, O Youth, grasp our Sword of Knowledge, don our Armor of Truth, wave high our Standard of Brotherly Love, and march ever forward to our Victory. tion...

We are the sophomores of the Pearl Harbor Year. Our scholastic routine and our proposed plans for the future have been disturbed by this momentous event. Further college training for the class is uncertain. Uncle Sam needs us. Whether the need is immediate or remote, only time will tell. This thought is paramount in the hearts and minds of all of us: we await our country's call to service. This service may be with the armed forces or it may be in a less spectacular manner on the "home front". Wherever we are called to serve, may we be prepared and willing.

Among the many important events occurring in the memorable year of 1941 was the entrance of this freshman class to Joplin Junior College. Bringing with us a lust for knowledge, a passion for work, and a desire for advancement, we soon distinguished ourselves in the many academic and extra-curricular fields available to us. Our first year has been one filled with joy and benefit, and we look forward with growing anticipation to another equally as profitable.

THE CHART

Entering its third year of publication with a hard working staff, the Chart endeavored to make this year the most successful year of its existence. The paper adopted a new policy in 1942: that of presenting a more timely and a more complete coverage of the news.

Hildred Beebe was editor of the Chart the first semester of the 1941-1942 year. Jean Paschall, freshman, was editor for the second semester.

Attired in a stunning red and green jersey gown, the lovely Pigskin Princess, Patty Lacey, was carried to the throne in a football chariot placed on the shoulders of the team. Amid applause and great cheering, the crown was placed upon her shining hair. Thus our Pigskin Princess assumed her regal duties.

A Dramatics Club Production

LET'S REMEMBER

SEPTEMBER 1-

Dear Diary:

School has just started today and I simply LOVE it. Everything is just a wee bit strange yet, but I know it's going to be super. The instructors are lovely, the classes are interesting, and the "dear students" are divine.

SEPTEMBER 15—You know, Diary, I'm now on schedule, and classes and such have lined up perfectly. The other P. M. I trotted myself down to the Joe and Judy Mixer at the "Y. M.," and the humanity was really in the groove, what with games, folk dances, and dancing offered in addition to refreshments. Listen, Dear Diary, the most exciting things have happened . . . Bob Rice has been elected president of the Student Senate, and Keyton Nixon and Elroy Thomas are now heading the Freshman and Sophomore classes respectively. Among other things, Babs Bell now heads that tricky Green Peppers squad while Speedy Nutz is leading the Ruff Necks. Flossie and Ray are still hitting it off, and Frankie and Bob are at the coordinate of the state of the state of the Ruff Necks. ing stage, and everything's well.

OCTOBER 15—Honestly Diary, it's been so long since I've written in you but things AND school work are really piling up. "Killer" Hedrick came to school the other day and flashed around his slightly bruised knuckle to the oggling masses and was proclaimed as the Lord High Exterminator of Rodents . . . Keyton has ideas about going steady, and the idea is catching fire it seems. We really had a lush time at Claremore, and guy, we not only beat the er-a-socks off of those Claremore wolves, the trip itself was absolutely rustic . . but yes!! Well, pet, I'll see you presently . . . with a Teachers' Convention offering an opportunity for a few days of "rest", we are really going to tint the metropolis shell pink. Bye for a while.

NOVEMBER 14—Hail my leather bound confidante . . . it's been too, too long since I last glimpsed the pure whiteness of your pages . . . don't mind me, Diary, I'm just practising for my practically silent part in the coming production of the Dramatics Club . . . "The Admirable Crichton" . . . Gee, shoot the jam to me, Sam, and have some more turkey. Thanksgiving is really on the way, and Homecoming is just aroun't the corner. The future looks rosy, so I'll try to forget the previous exams and settle down to the coming

DECEMBER 8-EXTRA—Well, Diary, I don't exactly know how to put this down. You see, since yesterday, the 7th, everything and everybody has gone through a terrific change. The freedom, the happiness, and the peace which we, the people of the United States, tasted so freely, has suddenly been wrenched from our grasp. We are at var now. Today we heard President Roosevelt's Declaration of War. I'll never forget it. All of us were there in the auditorium, listening to the speech and thinking of dear ones who would be involved. Already we students have become more serious; we realize that we ALL must fight to win back our beloved democracy.

DECEMBER 17—Greetings and deck the Halls, my Diary . . . Today we are dismissed for the Holiday Vacation. Patty Lacey reigned over our love of a Homecoming as Pigskin Princess and what with the coronation, game, and dance, the week-end was glorious . . . Even now we are feeling the reach of the war. for Chowning, Childress, M. Brown, P. Camfield, H. Masun, T. Prince, R. Schultz, B. Shafer, B. Wheeler and many others have rushed to aid different divisions that are vital for National Defense . . . I will now hasten to hurry up the Christmas Season so I probably won't see you 'til next year. P. S. The Beta Assembly was veddy impressing.

JANUARY 15—For heaven's sake, Diary, my head is fairly bursting because of my extremely heavy exams. The Christmas dances and especially New Year's Eve were really on the beam; however, the empty places of those who are away made us stop and think a bit. The B. B. season is budding and also—Love. Stevens and Masters still engage in the sweetest battles and W. L. and McClarrinon are that way. Something must be done about M. McIntosh . . . he's driving everyone crazy with the way he plays the field . . . a different date every night.

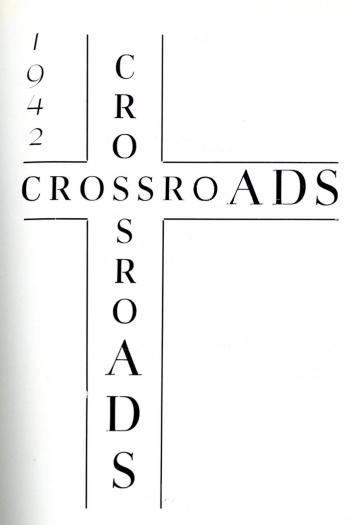

FEBRUARY 17—Hello, my lacey volume . . . Valentine's Day is still affecting me. On that night, everyone, including me, sprouted the "beootifulest" orchids at the dance. Ah, dear Cupid! I bid two queens . . . er-I mean, well they're just on my mind . . . what with all those glamorous frills, Stevens and Kassab capping the titles of Basketball queen and Crossroads queen. And basketball has really been unique and it looks like a winning team. Assemblies at school have been most interesting. Credit must be given to the Alpha Kappa Mu's and D. Rubinoff . . . Well, Cookie, I'll see you when there's more on the ball.

MARCH 16—Blooo skies . . O dear George . . you should have seen "Doctors of Rhythm" (by K. Cromer) . . more fun . . beautiful gals . . lush songs, it was colossal, etc., . . anyway it was fun, and I think the public liked our first try at a musical comedy Alpha Theta Chi's really pulled a bang-up assembly entitled "Cornzapoppin" and it was one big bundle of hilarity. Festival begins soon and everyone (from 6 to 18) is carrying a harried look on his map, but we know it'll be a marvy, no? I must dash, love, but I should tell about the excitement in the Crossroads office when Elly Flick outsold Dale on advertisements . . . And I mustn't forget, Diary, to tell how Huser "pinch-hit" and then "pinch-hit" some more for the Crossroads editorial staff. the Crossroads editorial staff.

APRIL 15—Boy! Mendelssohn, his Spring Song, and I could surely get along now. Spring is here! And D. Rogers is now J. J. C.'s oomph man. Also, my adorable Diary, the Student Senate is throwing a big Spring Formal, and Tag Day is on the way. Leon must feel the spring 'cause he's delirious about a little girl and is now going steady. The Easter bunny jumped over to Joplin, and he was a dream. Personally, tho, I adore brunettes . . . I guess I'm prejudiced.

MAY 14—My precious Diary. I'll not be writing in you again for quite a while. Much has happened in this happy year and I shall never forget it. The spring banquets are under way, and "Adam and Eva", the final play of the year, took its place among the outstanding productions of the school. Tentative plans for a Vaudeville Show and the Applied Music Concert are forming. Baccalaureate and Commencement are frightfully near, and we all are crossing our fingers and praying for victory and peace in the oncoming years. Thank you, dear College, for a completely interesting and terribly happy nine months.

Gratefully yours, BETTY COED

THE ENTRE DISTRICE FARGERIC COMPANY

Dear Graduate:

As president of your power and light company, I want to be included among your many friends in extending sincere congratulations to you upon the successful completion of your present school work.

As you know, this company has for many years taken important steps in making your school work and home studying much easier and safer by promoting "better light for better sight" throughout the district it serves.

When the I.E.S. Approved Lighting program was introduced back in 1935, this company was faced with the responsibility of informing its customers of the benefits of this new and scientifically-correct type of lighting. It was quite a task, requiring much advertising, personal contacts, and of course, added expense. However, these items were of minor importance if precious eyesight could be protected and saved.

The company appreciates very much the response to its efforts in making seeing easier and safer for those it serves. If you, as a student, have benefited during your school years, the company is thankful for the opportunity of assisting and serving you. It makes me feel that I have had a personal interest in your individual school work, helping to protect both your eyesight and health for the career which lies ahead of you.

Thus, I ask to be included among your many friends in wishing you the best of success for the years to come.

Sincerely yours,

President and General Manager

Style Headquarters for the College Man

It's the college man's clothing headquarters of the tri-state . . . the modernized and streamlined College Shop on Newman's second floor. Here in friendly, club-like surroundings you'll find a carefully chosen collection of wearables for undergraduates. For we're specialists in pleasing the whims and wants of college men and bring you the choicest apparel the country's style centers offer.

And we've taken the guesswork out of buying by featuring only those makes respected in every corner of a college man's world. To paraphrase the slogan of a famous showman: "Through this entrance pass the best-known labels in young men's attire." Is it any wonder that Newman's College Shop wins the approval of so many Joplin Junior College men every year?

From THE PAINTED DESERT to THE POTOMAC

... and to many in Joplin Junior College such as Lorraine White, Lois Avery, and Dale Cearnal, the name and fame of BURGER-BAIRD is well known. Members of Boards of Publication, college and university officials and professors, know of the ability and integrity of this company. For over half a century, we have served faithfully the schools of America. A complete understanding of the problems confronting an editor and business manager of a yearbook, is ours.

So, against that day when you, too, will be buying photo-engravings, fix in your mind the name BURGER-BAIRD.

Join the ranks of those from Arizona, Utah, Kansas, Missouri, Illinois, New York, Maryland and many other states, who know from experience that we are "the" engravers of the Middle West.

For good printing plates (the best), for unexcelled service (anywhere in America), for an interpretation of your ideas, for an understanding of your problems and objectives, for all those things you expect from your engraver (and more), look to the "Heart of America" and BURGER-BAIRD. We stand ready to serve!

Write, wire, or phone, for an appointment with our representative.
